

Niklas Hlubek

Department of Epidemiology
University Medical Center Utrecht, Utrecht University
Utrecht, the Netherlands

e: n.hlubek@umcutrecht.nl

Epidemiologist & Interdisciplinary Researcher with expertise across health sciences, psychology, and environmental studies. I analyze large-scale datasets using advanced statistical and causal methods, integrating health, behavioral, and geospatial data. Experienced in building automated pipelines, developing interactive visualizations, and translating complex evidence into clear, actionable insights for diverse audiences.

EDUCATION

- PhD. **Epidemiology**, Utrecht University, Utrecht - NL, expected by End of 2025
- MSc. **Social Policy and Public Health**, Utrecht University, Utrecht - NL, 2022
- MSc. **Psychological Research**, University of Edinburgh, Edinburgh - SCO, 2021
- BSc. **Psychology**, Erasmus University Rotterdam, Rotterdam - NL, 2019

PROFESSIONAL EXPERIENCE

- 2023 - 25 **Doctoral Research Fellow** - University Medical Center Utrecht - NL
Project: *Longitudinal socioeconomic disparities in environmental health associations*
 - Designed and executed advanced quantitative analyses on longitudinal registry cohort data (>70M observations) to investigate socioeconomic patterns in environmental health inequalities
 - Independently developed and implemented comprehensive data linkage pipelines integrating multiple registry and environmental data sources, establishing robust harmonization protocols and quality assurance frameworks
 - Authored peer-reviewed manuscripts (1 published, 2 under review) and presented findings at international conferences to academic and policy audiences
- 2024 **Research Consultant** - Municipality Utrecht, Utrecht - NL
 - Delivered evidence-based case report on city-level environmental inequalities for policy stakeholders
- 2024 **Visiting Researcher** - ISGlobal Barcelona Institute for Global Health, Barcelona - ESP
 - Advanced spatial epidemiology and clustering methodologies for population health research
 - Managed the harmonization and analysis of data from 2 longitudinal European cohorts
- 2022 **Policy and Projects Assistant** - Mental Health Europe, Brussels - BE
 - Organized co-production workshops with diverse stakeholders and conducted European mental health policy analysis
- 2020 **Research Assistant** - University Medical Center Hamburg Eppendorf, Hamburg - DE
 - Supported psychiatric interventions and contributed to clinical research protocols
- 2019 - 20 **Research Assistant** - Max Planck Institute for Cognitive and Brain Sciences, Leipzig - DE
 - Supporting research assistant in large double-blind randomized controlled trial

GRANTS

- 2023-25 **Marie Skłodowska-Curie Actions ITN Fellowship**
Full PhD fellowship within EU H2020 project SURREAL (surreal-itn.eu)

TEACHING & INVOLVEMENT

- 2024-25 **PhD Council Board Member**, Julius Center, University Medical Center Utrecht
- Representative responsible for communication between PhD candidates and Division Leadership
- 2023-25 **Teaching Assistant**, Evidence Based Case Reports, Utrecht University Medical Center
- Led interactive tutorials on systematic literature search methods for medical students

PUBLICATIONS

- 2025 **Hlubek, N.**, , Koop Y., Verhoeven J., Wagtendonk A., Vienneau D., Vaartjes I., “Air pollution and ischemic stroke across socioeconomic groups in the Netherlands” *Science of The Total Environment*. Currently under review

PRESENTATIONS

- 2025 **Hlubek, N.**, Koop Y., Verhoeven J., Wagtendonk A., Vienneau D., Vaartjes I., “Air pollution and ischemic stroke across socioeconomic groups in the Netherlands” Project presented at the **ESC Preventive Cardiology** Conference, Milano (2025)
- 2025 **Hlubek, N.** “Equity in exposure” Presentation at **UBD Policy Workshop on Equity in Health Impact Assessment** (ubdpolicy.eu), Utrecht (2025)

- 2024 **Hlubek, N.**, et al. “Impact of exposome relocation trajectories on childhood lung function” Project presented to the annual **EXPANSE meeting**, Munich (2024)
- 2022 Templeton A., **Hlubek, N.** “Social identity processes in hospital workers risk perception and adherence to safety guidance during the COVID-19 pandemic.” Paper presented at the **BPS Social Psychology Section Annual Conference**, Online (2022)
- 2021 **Hlubek, N.**, Templeton A. “A social identity approach to COVID-19 transmissions in hospital settings – Barriers and avenues to safe behavior in healthcare workers.” Project presented to the **Scottish Government COVID-19 Nosocomial Review Group**, Online (2021)

TECHNICAL SKILLS & LANGUAGES

Statistical & Computing

Multilevel modeling
Survival/Time-to-event analysis
Causal Inference (DAGs, Propensity scores)
Spatial clustering methodology

Programming & Tools

R (lme4, lavaan, survival, tidyverse)
SQL, Git/GitHub, Markdown/Quarto
Python

Data management & Governance

ETL Automation, Data Quality Assurance
Registry linkage, Secure Research Environments
GDPR Compliance, Data Pseudonymisation

Languages

German (native), English (fluent)
Dutch (intermediate, B2)

RELEVANT TRAINING & WORKSHOPS

- 2024 **Causal Inference and Causal Data Science**, Utrecht University
- 2023 **Modern Method in Data Analysis**, Utrecht University
- 2021 **Evidence Based Psychological Interventions**, University of Edinburgh
- 2021 **Social Inequality and Child and Adolescent Mental Health**, University of Edinburgh
